

NYCENT

NEW YORK CENTER FOR EAR NOSE THROAT SINUS & ALLERGY

Navigational Office-based Sinus Relief Has Finally Arrived in New York City!

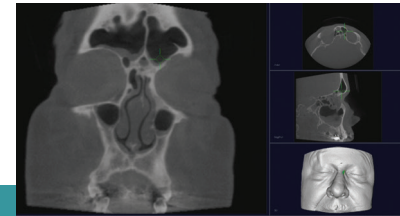

Our Doctors are the First to employ 3-Dimensional Real-time Navigation for office-based Sinus Dilation!

We are also among the first in New York to perform Transillumination Balloon Sinuplasty!

Welcome to the Legacy of ENT Specialists Doctors Kanhaiyalal, Sanjay, & Manoj Kantu!

Since 1973 our Center of Excellence has been at the forefront of treatment options for Sinus and Nasal disorders.

We now provide the safest means of opening blocked sinuses without the need for general anesthesia or prolonged recovery!

ASK YOURSELF IF YOU EXPERIENCE ANY OF THE FOLLOWING:

- Facial pain, pressure, or headache
- Discomfort around the eyes, nose, or cheeks
- Stuffy nose, mouth-breathing, or snoring

Our state-of-the-art office-based techniques can provide immediate and lasting relief for your issues. [Balloon Sinus Dilation and Turbinate Reduction](#) are proven modalities about which you can learn more on our website brooklynsinusrelief.com

Visit us on our Website or at one of our [Brooklyn locations](#) to determine if you are a candidate for this [safe, convenient, and proven option](#), fully covered by most insurance plans.

Regain control of your life with a minor office procedure that begins with decongestants and numbing drops placed in the nose. Gentle guidance of a small balloon into the affected sinus entry paths enables dilation & complete decompression. Proper ventilation and drainage are quickly restored and our patients often return to work/school/exercise within 48 hours. Recovery is quicker & more cost-effective than conventional hospital-based sinus surgery. Long-term studies show [resolved facial pain, improved sleep, less use of over-the-counter & antibiotic medications, and fewer visits to the doctor](#). Patients report being able to perform more day-to-day activities at home and at work!!

Don't settle for less; See the best! Learn about our family of ENT Specialists at brooklynsinusrelief.com

Stop makeshift medications and temporary measures! Regain control by calling or visiting us & learning if Balloon Sinus Dilation is for you!
